

2023 - 2024 SCHOOL SUPPLY KITS \$70.00

HELLO MEADOWBROOK STARS AND FAMILIES!

If you have an older child who attends or has attended Meadowbrook in the past, you already know the benefits of ordering school supplies through the PTO. **90% of Meadowbrook students order school supplies through the PTO.**

Ordering School Supply Kits through the PTO is smart because:

1.) **You save money.** The PTO has contracted with SchoolKidz/School Specialty to buy school supplies in bulk, allowing for discounted pricing on already competitive prices. We take advantage of early contract signing and early ordering to maximize our available discounts.

2.) **It's convenient.** Go online to www.shoptkits.com and use **school code 20336** to place your order and you're done buying school supplies for your Meadowbrook Star! Your Supply Kit will be in your student's classroom waiting for them on Meet Your Teacher Day. No comparison shopping, no searching for that orange, poly, two-pocket, three prong folder, no rushing before the first day of school. A few minutes online and you're done! 3.) **Your child's supplies will be pooled** with all other children's school supplies in his/her class and are distributed as needed by the classroom teacher. Your child's teacher has approved the quality and brand of the school supplies you'll receive in your School Supply Kit. There is no added-value reason to purchase specialty or uniquely designed supplies. All supplies are specifically chosen by the teaching staff to coordinate with the curriculum.

This year, students entering 3 - 5 grade have the option of adding on headphones that have been approved by the Meadowbrook IT team. These can be added on in the bulk section of ordering. First you will need to add your grade's kit to the cart, then press the green Next button to progress to the bulk section. All students in grade 3 - 5 will be expected to have headphones on the first day of school, so if you don't buy them here, plan on purchasing them elsewhere. *Students in grades K - 2 will be provided headphones by District 28 and should not purchase headphones.*

4.) **Your purchase supports the PTO.** Given the discounted prices, a portion of your supply savings is driven back to the PTO. This money is used to support PTO programs, events, assemblies, fund class field trips, technology purchases and much, much more.

All orders must be received by Friday, May 12, 2023
